

PRESS RELEASE:

APRIL 18, 2011

Seaco Marine Inc. Announces New Second Location in Cobourg, Ontario.

With our second location now open, we welcome inquiries and look forward to the opportunity to offer cost effective solutions, products and services to the Ontario market. This location will serve as the distribution / warehousing and management / project support for Eastern Canada. Technical design services will support the Cobourg office from our Winnipeg location.

We thank our suppliers and distributors for their continuous support over the past decade. This support combined with Seaco's collaborative orientation and on-going commitment to exceed customer expectations as well as providing tailored solutions and services has contributed to growth. We look forward to providing the Ontario marine industry in both commercial marina systems and cottage residential dock systems with innovative products and individualized solutions on time and budget.

Seaco Marine is pleased to announce that Bill Madill has chosen to join the Seaco Marine team. Many of you may know Bill as he has been working in the marine industry in Ontario providing customer focused dock solutions for the past 6 years.

As the Sales / General Manager, Bill will be working directly with customers as well as managing the Cobourg office.

Bill looks forward to talking with you and can be reached by phone (905).373.6520 or by email, bill@seacomarine.com.
